

2026-27

RICHARDSON

TEAM IS WHO WE ARE.

Over 55 years on the diamond have taught us that great products start with the details. From iconic cap shapes to premium materials and modern collections, every piece is designed with purpose, balancing fit, shape, and comfort for the teams that rely on Richardson season after season. Welcome to the 2026-27 Richardson Team catalog.

PTS75 SCORE SYSTEM5

SCORE

FULL PRO2 SHAPE

This new shape features a six-panel crown with slightly wider front panels and full-depth back panels for a modern athletic look.

SCORE FABRIC

Features UPF 50+ and moisture-wicking technology, keeping you protected and dry.

SYSTEM5 FIT

System5 sizing delivers the look and feel of a fitted cap with the convenience and comfort of just five stretch-fit sizes.

PTS75 SCORE SYSTEM5

STOCK

The PTS75 is our newest addition to the PTS line and features our new System5 sizing for an easier and more comfortable fit. Built with our new Score performance fabric and new Full Pro2 shape, this next-generation baseball cap delivers the right look and fit for today's player.

PTS

PTS65 SURGE FITTED

SURGE

FULL PRO SHAPE

Our Full Pro shape delivers a modern athletic look with its structured, six-panel crown shape, slightly wider front panels and full-depth back panels.

SURGE FABRIC

Wool serge look and feel, built from durable performance polyester

STAY-DRI SWEATBAND

Moisture-wicking technology where you need it most to keep you cool, dry, and comfortable.

PTS65 SURGE FITTED

STOCK

With a classic Full Pro baseball look intended to satisfy the traditionalists among us, our stock PTS65 is made of durable Surge performance-spun polyester, designed to replicate wool serge. Surge keeps players cool, dry, and comfortable on the field, and is available in twelve fitted sizes to ensure an ideal fit.

ALL SIZE CHARTS AVAILABLE AT **RICHARDSONSPORTS.COM**

FULL PRO

Our Full Pro shape delivers a modern athletic look with its structured six-panel crown shape, slightly wider front panels, and full-depth back panels. Typically paired with our U-Form bill.

FULL PRO2

Our Full Pro2 shape features a six-panel crown with slightly wider front panels and full-depth back panels similar to our original Full Pro shape, but with a flatter top and sharper front. Typically offered in combination with our U-form bill.

HIGH PRO

This structured, six-panel, high-profile crown shape, first popularized in the mid-70s, features taller front panels and shallower, sloped back panels. Typically paired with a flat, standard-shape bill.

MID PRO

Mid Pro is our most popular Pro Model shape with its slightly rounded, structured front panels. Not too high, not too low. Just the right shape. This shape is used across several categories and comes in five- and six-panel versions with a variety of bill shapes and curves.

LOW PRO

Our Low Pro shape is a lower-profile version of our six-panel Mid Pro shape. With structured front panels that slope back and a slightly shallower crown depth, this shape delivers a clean, tailored look. Always paired with our standard pre-curved bill.

RELAXED

Often called a dad hat, this unstructured, six-panel, low-profile shape delivers a comfortable look and casual vibe for cap wearers of any age. Always paired with a precurved bill.

CHAMP

The Champ offers a bold shape with a taller, structured five-panel pinch front, flat top, and sloped back panels. Normally paired with our standard pre-curved bill.

GRAMPS

This semi-structured, five-panel, pinch-front shape is designed to look slightly wrinkled and untailored, like your grandpa's favorite cap.

SMART 7

This structured, seven-panel shape features a full-width front panel and a curved top seam. Typically paired with a flat bill for a modern look.

CAMPER

The Camper is a low-profile, five-panel shape with solid front panels that can be lined or unlined. A flat bill and two side eyelets are distinctive features of this outdoor headwear staple.

HEADWEAR

BILL
The bill is located at the front of the cap and extends outward to provide shade from the sun. It is typically made from a material that maintains its shape and can be flat or curved, depending on the cap design.

BUCKRAM
This stiffer material, fused behind a cap's front panels, provides structure and shape, creating a crisp appearance and ensuring the cap retains its form over time.

BUTTON
A small, usually rounded part located at the top center of a cap's crown, the button secures the point where the cap's panels converge. Beyond its structural role, it can also be a decorative feature that complements a cap's overall color design.

CAMPER
The Camper is a low-profile, five-panel shape with solid front panels that can be lined or unlined. A flat bill and two side eyelets are distinctive features of this outdoor headwear staple.

CHAMP
The Champ offers a bold shape with a taller, structured five-panel pinch front, flat top, and sloped back panels. Normally paired with our standard pre-curved bill.

COMFORT STRETCH SWEATBAND
Our stretch-fit sweatband incorporates stretch fibers to simplify sizing and provide wearers with a comfortable fit all day, every day.

CROWN
The upper part of a cap that covers the head, forming the main body. Typically composed of panels that are sewn together creating the shape and structure of the cap. The crown's design, height, and construction are crucial in determining the cap's overall style and fit.

EYELET
These small holes, typically located around the crown, provide ventilation, allowing air to circulate and reducing heat buildup. They are usually reinforced with metal, stitched rings, or silicone and can serve as a subtle color hit to coordinate with the cap's overall color design.

FULL PRO
Our Full Pro shape delivers a modern athletic look with its structured six-panel crown shape, slightly wider front panels, and full-depth back panels. Typically paired with our U-Form bill.

FULL PRO2
Our Full Pro2 shape features a six-panel crown with slightly wider front panels and full-depth back panels similar to our original Full Pro shape, but with a flatter top and sharper front. Typically offered in combination with our U-form bill.

GRAMPS
This semi-structured, five-panel, pinch-front shape is designed to look slightly wrinkled and untailored, like your grandpa's favorite cap.

HIGH PRO
This structured, six-panel, high-profile crown shape, first popularized in the mid-70s, features taller front panels and shallower, sloped back panels. Typically paired with a flat, standard-shape bill.

IGNITE LT
Available in both headwear and apparel, our lightest-weight fabric is a durable, woven polyester that stretches for improved fit and comfort while keeping athletes cool with Stay-Dri moisture management technology.

LASER PERFORATION
A testament to our dedication to style and functionality, these precise, cleanly-cut openings enhance breathability, merging precision craftsmanship with modern style.

LITE
Our lightest-weight fabric, Lite is woven with a subtle texture on its face for a modern, athletic look, while Stay-Dri moisture management technology keeps you cool and dry.

LOW PRO
Our Low Pro shape is a lower-profile version of our six-panel Mid Pro shape. With structured front panels that slope back and a slightly shallower crown depth, this shape delivers a clean, tailored look. Always paired with our standard pre-curved bill.

MATRIX
Available in both headwear and apparel for a head-to-toe look, this pin-dot mesh is a ventilated fabric that stretches for an improved fit and features Stay-Dri moisture management to keep athletes cool by accelerating the natural evaporation process.

MID PRO
Mid Pro is our most popular Pro Model shape with its slightly rounded, structured front panels. Not too high, not too low. Just the right shape. This shape is used across several categories and comes in five- and six-panel versions with a variety of bill shapes and curves.

PIPING
Narrow strips of fabric are sewn along the seams or edges of the cap or uniform for a decorative element to accentuate the design's lines and add visual interest. Piping can highlight the shape of the product, emphasize its structure, and provide a refined, finished look to the overall design.

PRECURVED
Precurved bills are shipped factory-shaped with the perfect curve, meaning the cap is ready to wear with a natural, ergonomic fit that conforms to the shape of the wearer's face, offering better sun protection and a classic look.

PRO MESH
Pro Mesh is our durable, heavy-weight, knitted mesh that features bird-eye patterning to improve ventilation.

PRO TWILL
Slightly stiffer and a bit heavier than our standard cotton twill, Pro Twill is designed to stand up to whatever the athlete can throw at it.

PULSE
Our premium, on-field performance polyester is knitted for a clean, technical look that stretches to deliver a perfect fit, while Stay-Dri moisture management technology wicks away sweat to keep players cool in the heat of the game.

R-FLEX
R-Flex stretch in the sweatband and crown makes sizing simple, improving comfort and performance during long periods of wear.

RELAXED
Often called a dad hat, this unstructured, six-panel, low-profile shape delivers a comfortable look and casual vibe for cap wearers of any age. Always paired with a precurved bill.

SANDWICH INSERT
A contrasting strip of material is inserted along the edge of the cap's bill between the top and under panels, adding a subtle yet distinct color pop to the cap and a dynamic way to customize your team's look.

SCORE
Lightweight, high-performance polyester built with UPF50+ sun protection and Stay-Dri moisture management technology to keep you dry and focused on the game.

SMART 7
This structured, seven-panel shape features a full-width front panel and a curved top seam. Typically paired with a flat bill for a modern look.

SOFTSNAP ADJUSTABLE BACKSTRAP
Our Softsnap adjustable backstrap is engineered to be softer and more flexible than the standard plastic alternative. Made from thermoplastic polyurethane, the TPU material is similar to a mix of plastic and rubber, making it durable and smooth for ultimate comfort.

SPORTMESH
This tightly knitted stretch mesh gives a clean, technical appearance with improved fit characteristics for advanced performance and comfort during all-day wear.

STANDARD SWEATBAND
Made from soft, durable cotton, our Standard sweatband provides all-day comfort while keeping sweat out of your eyes.

STAY-DRI SWEATBAND
Moisture-wicking technology where you need it most - the sweatband - to keep you cool, dry, and comfortable.

SURGE
Designed to replicate the look and feel of traditional wool serge (once the standard textile used for making baseball caps) this performance-spun polyester features Stay-Dri moisture management technology and impressive durability thanks to its woven construction.

SYSTEM 5
System 5 sizing delivers the look and feel of a fitted cap with the convenience and comfort of just five stretch-fit sizes. Each System 5 size covers two traditional fitted sizes.

PRO U-FORM
Exclusive to the PTS line, this memory bill holds its shape so players can wear it curved, flat, or anywhere in between for a personalized look and improved protection from the glare of the sun.

UNDERBILL
The underside of a hat's bill or brim. This area can be designed with various colors, patterns, or textures, distinct from the rest of the cap, adding an additional element of style. The underbill's color and material can also reduce glare in sunny conditions.

VISOR
Visors are designed to shield the sun from your eyes while keeping your head cool. Smaller, simple decorations tend to work best on this style of headwear.

UNIFORMS & APPAREL

3-BUTTON PLACKET
Our 3-button placket gives our polo design an adjustable fit, ensuring versatility and comfort on the golf course or out for a casual day with friends.

4-WAY STRETCH FABRIC
Our 4-Way Stretch Fabric allows Richardson apparel to move effortlessly with your body in all directions, ensuring superior comfort and performance for any activity.

ANTI-MICROBIAL FINISH
Our anti-microbial finish means that our fabric helps fight odor-causing bacteria, mold, and mildew, ensuring the garment stays fresher longer–no matter the challenge.

ATHLETIC FIT
Tailored closer to the body to accentuate an athletic build, this cut offers a more streamlined fit.

DOUBLE-LAYER KNEE
Our double-layer knee gives reinforced protection and durability, ensuring reliability and resilience in demanding gameplay.

DRYVE LT
Dryve LT is our lightweight, textured fabric designed for maximum breathability, featuring Stay-Dri technology and 2-Way Stretch for unparalleled comfort and flexibility.

FLATLOCK STITCHING
With flatlock stitching, our apparel provides a smooth and comfortable feel against the skin, ensuring a distraction-free fit during intense workouts or long-distance runs where every detail matters for peak performance.

FLEX-GRIP
Flex-Grip waistband provides a non-slip grip, preventing pants from sliding down or shifting during play.

FLUORINE-FREE WATER RESISTANCE
Incorporating fluorine-free water resistance, our garments offer protection from rain and moisture without harmful chemicals, ensuring eco-friendly performance for outdoor adventures without sacrificing functionality or sustainability.

FLX
Our ultra-soft FLX fabric is a flat knit, medium weight material with 4-way stretch, designed for ultimate comfort on the move.

FLY-LT
Our Fly-LT fabric is a lightweight, flat knit with mechanical stretch, perfect for peak performance on the diamond.

FLY-X2
Fly-X2 is our lightweight, textured knit fabric with mechanical stretch, engineered for ultimate performance.

KANGAROO POUCH
The kangaroo pouch is a pocket fabric panel that is sewn on the outside of the main body of fabric of the front lower half of the garment, offering convenient storage for essentials–giving you easy access to your belongings while on the go.

HYPR TWILL
Featuring the same tightly woven pattern as classic twill, this is our premium version of durable tackle twill.

IGNITE LT
Available in both headwear and apparel, this lightweight fabric is a durable, woven polyester that stretches for improved fit and comfort while keeping athletes cool with Stay-Dri moisture management technology.

KNIT-IN ARCH SUPPORT
A key feature in Richardson socks, our knit-in arch support gives your foot stability and ensures a good fit on the field.

LOW-RISE FIT
Starting below the waist, our low-rise fit pants sit at the hips to provide greater comfort for female players.

MATRIX
Available in both headwear and apparel for a head-to-toe look, this pin-dot mesh is a ventilated fabric that stretches for an improved fit and features Stay-Dri moisture management to keep athletes cool by accelerating the natural evaporation process.

MAX-MOTION ENGINEERING
This suite of performance-focused construction methods - including raglan sleeves and strategically placed gussets - provides enhanced range of motion and distraction-free fit.

PIPING
Narrow strips of fabric are sewn along the seams or edges of the cap or uniform for a decorative element to accentuate the design's lines and add visual interest. Piping can highlight the shape of the product, emphasize its structure, and provide a refined, finished look to the overall design.

PRODURA
This premium, heavyweight performance polyester knit features 2-way stretch and Stay-Dri moisture management, making it ultra-durable.

PROTEK
This durable knit performance polyester features a flat, clean face and incorporates Stay-Dri moisture management technology to keep you dry.

SCUBA HOOD
Our scuba hood is designed to provide full coverage from the elements, ensuring protection and comfort during outdoor activities braving the rain or wind.

SET-IN SLEEVES
Set-in sleeves provide a tailored look while allowing unrestricted movement, ensuring both styles and flexibility on the diamond.

SLIDING LINER
Incorporating a sliding liner into our baseball pants enhances durability and protection slide after slide.

STANDARD FIT
This fit is designed to accommodate a variety of body types, offering a looser fit around the arms, chest, shoulders, hips, and waist.

STAND-UP COLLAR
Our stand-up collar gives our polo all-day style from the golf course to dinner with the family.

STAY-DRI MOISTURE MANAGEMENT
Breathable performance polyester wicks moisture away from the body to the outer area of the fabric to accelerate evaporation. Faster evaporation helps keep the fabric dry and light so the wearer stays ready for whatever comes next.

STRAIGHT FIT
A straight fit pant creates long, clean lines from the waist to the ankle, with the material falling evenly without tapering.

TAILORED FIT
Pants with a tailored fit are more narrow to the ankle and close-to-calf for a streamlined, modern look.

TUNNEL POCKET
The tunnel pocket features hand holes cut into the main fabric of the lower front side of the garment, with the pocket panel sewn inside. The design offers quick, discreet storage, perfect for keeping essentials close while maintaining a seamless appearance on the go.

WATER REPELLENT
A combination of tightly woven fabrics and hydrophobic treatments repels water to help keep you dry and protected from the elements.
